Options:
If a course is available, it can be added to the “Wish List” by clicking the “+” symbol. If the option is available, students can also add themselves to the “Wait List” by clicking on the pencil symbol. This option will become available when a class is full.

You will then have to Login using your Star ID. If you do not have one you can create one using the Sign Up Now link.

This is an example of the message that will come up when you have successfully added the course to your “Wish List”.

You will be able to see how many classes you have on your “Wish List”, how many you are registered for, and how many courses on a “Wait List”.
By clicking on the “Review My Plan” tab, you will be able to see anything that is on your “Wish List”, what you are registered for and if you are on any “Wait Lists”.

To register for the courses in the “Wish List”, put a check mark in the small white boxes next to the course ID number and click on the blue “Select Courses” button.

Enter your password (the one you logged into e-services with) and click “Register”.

A results page will then come up, letting you know if you were successful in registering for your courses.

If you were not successful in registering for a course, see the note attached to understand why.

Click on the “View/Modify Schedule” tab to see a full schedule. By hovering over the upside down tear in the corner, the location of the course will be shown. There is also a “Print Schedule” link just above the location.

If you would like to drop a course you can click on the “X” to the left of the course ID #. Remember to check the last day you are eligible to drop a course without being penalized! You can see this date by clicking on the course description.
