

President's Message

It was a privilege and honor to serve as the President of South Central College Faribault Campus Foundation for 2017-2018. The generosity of the community, passion and dedication of students and commitment of college staff

are integral to the success of our students. During the past year, we were able to raise over \$172,000 and awarded \$114,300 in scholarships to 99 students on the Faribault campus.

Many heartwarming stories emerge during the process of awarding scholarships: stories of students being the first in their family to attend college, expressions of gratitude because they would not be able to attend without our help, and the excitement which lies ahead for them, all of which were reflected in our theme this past year, Scholarships: Start Something Amazing.

Good things are happening at South Central College: "Achieving the Dream" is helping SCC chart ways to increase student success and to apply those techniques to current and future students; technical programs are returning and expanding to address a critical skills gap; and just this year we learned the Nursing programs received national accreditation and SCC students can start a Bachelor's degree in Nursing at SCC and seamlessly transfer to Metropolitan State University to complete a four year degree.

None of this would be possible without your generosity in time, talent and donations. Thank you so much for what you have done to help Start Something Amazing!

Very truly yours,

Richard Cook
SCC Foundation Board President 2017-2018
