Giving Opportunities

**Unrestricted Donations**
When the Foundation is called upon to support a particular scholarship, event, or college project, unrestricted funds are needed to fulfill those needs. The Foundation Board is comprised of individuals who have strong integrity and care about where your dollars are spent. You can be assured that unrestricted contributions will be used where they can make the greatest impact.

**Restricted Donations**
Some donors have a strong preference for restricting their donation to a certain scholarship or major area at SCC. The Foundation office will work with you to make sure your wishes are fulfilled.

There are additional ways a company or individual may give a gift to the SCC Foundation. While the greatest benefit to the donor may be in helping to change the lives of our students, there are also tax benefits. Valuable methods of donation include:

- Gifts of stock and securities
- Gifts of property
- In-kind gifts
- Planned and deferred gifts

**Endowing a Fund**
Endowments can be established as a gift to last forever to support scholarships or general initiatives within the college.

**Named Scholarships**
If you would like more information about establishing a scholarship fund or endowment, or providing a named scholarship on an annual basis, contact the Foundation office at (507) 332-5808 or check the box on the pledge card.

South Central College
Faribault Campus
Foundation
South Central College provides students with a wide array of opportunities to build their futures:

- Technical Career and Professional majors with industry-savvy instructors using the latest technology
- Liberal Arts and Sciences major enabling students to earn a two-year Associate in Arts degree at SCC and transfer to a four-year college or university for a Bachelor’s degree
- Courses available face to face and online

All About Faribault Campus Students

- In 2014-15, 752 students were enrolled at SCC in certificate, diploma or degree programs in five career areas as well as Liberal Arts & Sciences
- Average age of an SCC student is 28
- The cost of tuition has remained flat for a third year in a row
- Full-time students will pay around $5,500 annually for tuition (not including books, tools, room & board, etc.)

“Scholarship donors are amazing individuals to help students achieve their educational goals. Thank you for giving me the peace of mind that every college student would love to have regarding their tuition expenses.”

Hamdi Abdi
Presidential Scholar

Dr. Annette Parker, SCC President

All of us at South Central College are committed to our mission of providing accessible higher education to promote student growth and regional economic development. We appreciate the partnership and contributions of so many individuals, businesses and organizations that help us carry out this mission. This is your region and we are your college.

Your gift opens doors of opportunity for our students, preparing them for a bright future and benefiting the region as a whole.

Thank you.

Stephen Pribyl, Fund Drive Chair
President, District One Hospital, a part of Allina Health

“At each major milestone of my professional life, education, training, and mentorship made the difference. I have enjoyed and grown through each and every educational opportunity. I first became aware of the impact higher education can have when my mother, in her late 40’s and with six children and a day job, drove to Faribault from Owatonna several nights per week to take secretarial classes. Watching her take classes, study and succeed at the school that is now South Central College, and in her subsequent professional endeavors as an Executive Assistant, demonstrated to me first hand, the power of education and training. Even after 35 years working in and leading complex healthcare organizations I continue to learn.”

Stephen was born and raised in southern MN. After receiving his bachelor’s degree from University of St. Thomas he entered the United States Air Force as an officer and served over 20 years, working in and leading Air Force healthcare organizations. He has served as President, District One Hospital in Faribault for five years.

SCC offers a wide range of wonderful opportunities for local students to learn and gain experience as they continue their journey in expanding their skills and advancing their career. Giving. Builds. Futures.
