Approval of minutes: Dr. Tarnowski moved to approve, Kelcey seconded. Minutes are approved.

OLD BUSINESS
Systems Portfolio Status Update/Category Evaluations

Team members had independently reviewed Category 4.2. We used our individual evaluations to discuss and reach consensus on our evaluation. We reviewed all sections together as a group instead of dividing into smaller groups because we had low attendance at the start of the meeting and many of the sections were similar. Renee collected all materials and will be sharing the findings and comments with the Category 4 team so they can use those to improve all of Category 4. Next time we will repeat the process for Category 2 and will review information but both subgroups of Category 2.

A fire in Auto Body briefly disrupted the meeting.

Meeting adjourned at 11:08am.

Next meeting-Friday, November 17 @9-11am Meeting Room A/A156. Category Reviews continue! Bring your evaluation forms.
