Program Name (Academic Award):
Welding Diploma

Current Location: [Faribault] [North Mankato] Proposed Location: [Faribault] [North Mankato]

Current Credits: 35 Credits Proposed Credits: 35 Credits

Date of Proposal: 11/8/2017 Proposed Implementation Date: 7/1/2018

Contact Person: John Smith

What is the modification being proposed?
Modify the diploma to match the Production Technology Certificate offered through 360 Center for Manufacturing Excellence and partnering colleges in MN State. This would remove PHYS101 and Weld 1085. Classes added are OTEC 1001 Intro to Comp., CMAE 1510 Print reading, CMAE 1525 Car. skills.

What impact will the modification have?
This will allow students to take this in high school through concurrent enrollment/PSEO options, and allow students to smoothly transfer if they choose Welding and/or Machining.

Describe the rationale for this modification:
The change would encourage students to continue past the certificate in welding and move on to the diploma. It also allows for students to transfer to other manufacturing areas with out taking so many extra classes.
