Setting up an account with Films on Demand

If an instructor sends a link from his or her playlist on Films on Demand, the student will need to create an account with Films on Demand in order to view it.

Go to http://www.southcentral.edu/Library/scc-library-home.html

On the left side, click **Electronic Resources**: 
Then, type **Films** in the bottom search box:

And click on **Films on Demand**:  

This will take the student to Films on Demand, where s/he can click on Create Account and set up an account.

Once the account is set up, the student will use that username and password (after authenticating with his/her library number and password) when logging in to view video links from the instructor.

If you have questions or problems, please contact library@southcentral.edu.
