

The Metro Plan

Smooth transition and guaranteed admission to Metro State University

Students who follow the established plan from their Associate Degree at South Central College to the RN to BSN Program at Metro State University will have a seamless transition to complete their bachelor's degree. Through the Metro Plan, if you complete 64 credits at South Central College and complete the AS in Nursing with a 2.50 GPA or better, you are guaranteed admission to the RN to BSN Program at Metro State University.

THE METRO PLAN

The Metro Plan:

- Enables you to see the plan to bachelor's degree completion from start to finish
- Ensures smooth and seamless transfer of your program credits
- Provides advising at both institutions to assist you with course choices and enrollment planning
- Provides an affordable and efficient option to complete your bachelor's degree
- Many faculty work in their area of expertise
- Hybrid program format supports working adults
- Public Health Nurse registration eligibility upon graduation with your BSN degree
- Endorsed by the American Holistic Nurses Credentialing Corporation, for a smoother path to Holistic Nursing Certification

Why choose Metro State University?

Metro State is a public university in the Twin Cities that offers high-quality, flexible and affordable options in undergraduate, graduate and continuing education.

We've earned a national reputation for innovative programs that empower students to finish what they started with the flexibility to schedule courses around their busy lifestyles.

Step One: Complete the Professional Nursing Program at South Central College.
