

### **Board of Certification Pass Rates for Medical Laboratory Technician Program Graduates**

Graduates of South Central College's Medical Laboratory Technician (MLT) Program are eligible to sit for the national certification exam administered by the Board of Certification (BOC) under the direction of the American Society for Clinical Pathology (ASCP). By passing this nationally recognized examination, graduates attain a credential that allows them to be recognized as competent to carry out their professional duties in their medical laboratory career.

<b>Year</b>	<b>South Central College Pass Rate</b>	<b>National Pass Rate</b>
2022	71%	77%
2023	50%	77%
2024	88%	78%

There is a continued dedication by the South Central College MLT program faculty to improve performance of our graduates on the certification exam.
