

Employment Placement for Medical Laboratory Technician Program Graduates

South Central College graduates of the MLT program are largely employed in hospital, clinic and reference laboratory settings. Some graduates are continuing their education towards achieving a bachelor's degree.

South Central College has been providing quality Medical Laboratory Technicians for many years throughout Southern Minnesota; we excited to report that our employment placement rate over the last 3 years has been on average at 100%. Jobs are in demand and MLT field will continue to grow.

Year	Graduates	Graduates placed in related field and/or continued Education within 1 year of graduation (A)	Number of students that did neither (get employed as MLT or continue education) (B)	Number of students that went into another field or unknown (C)	Employment Rate A/A+B
2023	6	6	0	0	100%
2024	9	7	0	2	100%
2025	2	2	0	1	100%
