AAS 2255/3292 Administrative Office Specialist

Program Information

Instructional Level Associate Degree

Career Cluster Business Management and Administration

Description

This degree is designed to prepare learners for employment as administrative assistants. Administrative assistants perform a variety of tasks, which may include the following: learn and use various computer applications, prepare and edit business documents, file, manage records, use electronic calendars, handle telephone calls, schedule meetings, make travel arrangements, greet visitors, and process mail. Other responsibilities may include the following: perform research, supervise or train others, record minutes at meetings, purchase equipment and supplies, and present data. After completion of this program, students will be proficient with verbal and written communications, as well as decision-making and problem-solving skills.

AAS 2255/3292 - Legal Administrative Office Specialist - Legal

Program Information

Description

Legal administrative assistants perform the administrative tasks in a law office such as answering the telephone, managing the electronic and paper files, transcribing, preparing law office correspondence and legal documents, maintaining the calendar, and engaging in personal contact with attorneys, courthouse personnel, law office personnel, and others. In addition, the legal administrative assistant drafts documents, gathers information relevant to the client's case, has personal and phone contact with the client, and does minimal legal research. Overall, the legal administrative assistant manages the procedural tasks for clients in the law office with an attorney's supervision. All courses in this program are offered online.

AAS 2255/3292 - Medical Administrative Office Specialist - Medical

Program Information

Instructional Level Associate Degree

Career Cluster Business Management and Administration

Description

The Administrative Office Specialist-Medical program is designed for learners interested in working in a medical facility and who enjoy office work. Learners will become proficient in keyboarding, word processing, grammar and sentence structure, medical terminology, computer technology, and medical records. The increased technology in this field demands skilled office personnel as physicians and other health care professionals rely upon the expertise of the Administrative Office Specialist. Examples of duties include scheduling appointments, reviewing medical prior authorizations, and verifying medical insurance. The opportunity to work in many health care settings is appealing for those wishing to engage with health care specialists and patients. Employment opportunities would include clinics, hospitals, long-term care facilities, chiropractic clinics, and other health care related facilities.
