Pediatric Advanced Life Support (PALS) is an interactive course that uses a series of hands-on simulated pediatric emergencies to reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation and team dynamics. The goal of the PALS course is to provide a low stress environment for emergency personnel, caring for seriously ill or injured children, with comprehensive training in pediatric emergency management.

Note: Course materials are sent to provided address 30 days prior to course start date. A two week cancellation notice is required or a \$75 fee will be charged. A \$30 fee is charged for course materials not returned within 5 business days of withdrawal. Continuing Education (Clock Hours) offered.

| Course # | Class Title | Date(s) | Time | Location | Cost |
