Description

The English Transfer Pathway offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated English Bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities enter the university with junior-year status. All courses in the Transfer Pathway Associate degree will directly transfer and apply to the designated Bachelor's degree programs in a related field. Universities within the Minnesota State system include Bemidji State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; Metropolitan State University; and Winona State University.
