

South Central College

CARP 1229 Exterior Finish

Course Outcome Summary

Course Information

Description	This course covers the exterior finish of the student build residential project. This includes soffit and fascia, door and window trim, flashing, starter, corner boards, and siding. Many different types of siding will be discussed and studied from our text book and real world examples. Deck or patio construction would be completed at this time as well. (Prerequisites: CARP 1110)
Total Credits	2
Total Hours	64

Types of Instruction

Instruction Type	Credits/Hours
Lab	2/64

Pre/Corequisites

CARP 1110

Institutional Core Competencies
