

South Central College

CDEV 1210 Child Growth and Development

Course Outcome Summary

Course Information

Description	This course is the first in a series of courses that is required for a certificate, diploma, or degree in Child Development Careers. The course provides an overview of typical and atypical child development across cultures, from prenatal through school age. It includes physical, social, emotional, language, cognitive, aesthetic, and identity/individual development. This course integrates developmental theory with appropriate practices in a variety of early childhood care and educational settings. (Prerequisite: none)
Total Credits	3
Total Hours	48

Types of Instruction

Instruction Type	Credits/Hours
Lecture	

Pre/Corequisites

None

Institutional Core Competencies

Communication - Students will be able to demonstrate appropriate and effective interactions with others to achieve their personal, academic, and professional objectives.

Course Competencies

1. Examine prenatal influences on development

Learning Objectives

- Identify prenatal influences on cognitive development
- Identify prenatal influences on physical development
- Identify prenatal influences on social/emotional development

2. Examine developmental delays

Learning Objectives

- Identify individual growth and development patterns for infants
- Identify individual growth and development patterns for toddlers

Identify individual growth and development patterns for preschoolers
Identify individual growth and development patterns for school-agers
Identify referral procedures
Demonstrate proper referral procedures

3. Examine theoretical approaches of all developmental domains

Learning Objectives

Examine theorists

4. Examine aesthetic/creative development

Learning Objectives

Identify stages of aesthetic/creative development in infants
Identify stages of aesthetic/creative development in toddlers
Identify stages of aesthetic/creative development in preschoolers
Identify stages of aesthetic/creative development in schoolagers

5. Examine physical development

Learning Objectives

Identify stages of physical development in infants
Identify stages of physical development in toddlers
Identify stages of physical development in preschoolers
Identify stages of physical development in schoolagers

6. Examine cognitive development

Learning Objectives

Identify stages of cognitive development infants
Identify stages of cognitive development toddlers
Identify stages of cognitive development preschoolers
Identify stages of cognitive development schoolagers

7. Examine language development

Learning Objectives

Identify stages of language development in infants
Identify stages of language development in toddlers
Identify stages of language development in preschoolers
Identify stages of language development in schoolagers

8. Examine social development

Learning Objectives

Identify stages of social development in infants
Identify stages of social development in toddlers
Identify stages of social development in preschoolers
Identify stages of social development in schoolagers

9. Examine emotional development

Learning Objectives

Identify stages of emotional development in infants
Identify stages of emotional development in toddlers
Identify stages of emotional development in preschoolers
Identify stages of emotional development in schoolagers

10. Examine identity development

Learning Objectives

Identify stages of identity development in infants
Identify stages of identity development in toddlers
Identify stages of identity development in preschoolers
Identify stages of identity development in schoolagers

11. Examine sexual development

Learning Objectives

Identify stages of sexual development in infants
Identify stages of sexual development in toddlers
Identify stages of sexual development in preschoolers
Identify stages of sexual development in schoolagers

12. Examine gender identity/awareness

Learning Objectives

Identify stages of gender identity development in infants
Identify stages of gender identity development in toddlers
Identify stages of gender identity development in preschoolers
Identify stages of gender identity development in schoolagers

13. Examine moral development

Learning Objectives

Identify stages of moral development in infants
Identify stages of moral development in toddlers
Identify stages of moral development in preschoolers
Identify stages of moral development in schoolagers

14. Examine cultural identity development

Learning Objectives

Identify stages of cultural identity development in infants
Identify stages of cultural identity development in toddlers
Identify stages of cultural identity development in preschoolers
Identify stages of cultural identity development in schoolagers

15. Examine influences of temperament on development

Learning Objectives

Identify influences of temperament on infant development
Identify influences of temperament on toddler development
Identify influences of temperament on preschool development
Identify influences of temperament on schoolage development

SCC Accessibility Statement

South Central College strives to make all learning experiences as accessible as possible. If you have a disability and need accommodations for access to this class, contact the Academic Support Center to request and discuss accommodations. North Mankato: Room B-132, (507) 389-7222; Faribault: Room A-116, (507) 332-7222.
